

**TIGER'S WARNING  
OF ANOTHER WAR  
STIRS AUDIENCE**

Russia And Turkey Helping  
German Plot, Cries  
Clemenceau.

SAYS CANNON ARE  
MADE BY HUNDREDS

French Statesman Pleads  
For America's Heart  
And Soul.

New York, Nov. 22.—Georges Clemenceau today had given the world something to think about seriously.

His warning that Chapter Two of the World War was being plotted in Germany with Russia and Turkey as accomplices went round the earth wherever telegraph wire, cable and courier would carry it.

The thousands who last night heard "the Tiger" say in the Metropolitan opera house: "They are preparing war again; they are manufacturing cannon by the hundreds," straightened their backs. They recognized what had been forecasted—that this was the most significant speech of Clemenceau's career.

The Tiger pictured the war he fears as one more horrible than that just concluded because it would be a flood of bolshevism and Mohammedism with its whirlpools and currents directed by Germans all over the globe.

He declared that Ludendorff and Hindenburg were plotting a civil war to stamp out the German democracy so the Junkers might again take command and officer the masses of Russians and Turks.

Say U. S. Breaks Promise.  
A multitude was packed into the Metropolitan opera house. No audience that ever heard Caruso or Jeritza was more attentive than these persons who gradually squirmed to the edges of their seats and waited for each word.

For an hour and thirty-one minutes there was no sound but the steady indictment by the "Tiger."

His lips trembled and he struck savagely at the table top when he cried: "The abyss behind is dark and deep."

There was no resentment manifest in the faces that stared up at him when Clemenceau charged that the United States had made promises and then had left the field without seeing them through.

"I am not going to ask you for money," he said, and added: "You have too much. I want something more than that—much more valuable. I want yourself, your heart and soul."

Although the Frenchman made it plain that he did not approve America's course since the truce he was less kindly in his attitude toward England saying: "From the day of the armistice I felt England was not with us."

**PATRIOTIC TREND  
IN MACCABEE PLAY**

Production Will Be Given  
Monday And Tuesday  
Nights At Grand.

A patriotic trend will warm the hearts of those witnessing the home talent play, "A Boy From the U. S. A.," to be presented at the Grand theater Monday and Tuesday nights, Nov. 27-28, under the auspices of the Woman's Benefit Association of the Maccabees, for the purpose of raising money for benefit donation funds to be distributed among the sick and needy.

The plot of the play deals with a young American in foreign surroundings in a difficult predicament. His keen wit and Yankee sense of humor are his best aids in bringing about a pleasing climax.

Through the entire plot is woven a delightful love story. Mrs. Cora Mae Robert and Rev. J. P. Horman playing the leads. Sylvan Bankson, son of Mrs. Elizabeth Bankson, the producer assumes the role of the American boy.

Four acts and numerous chorus parts will make the production one of the finest home talent entertainments ever presented in Salem. A splendid group of school girls and high school students will be seen taking part in the chorus work.

**Alliance Women Are  
Guests At Winona**

A large delegation of Alliance women came to Salem Wednesday morning enroute to Winona where they spent the day as the guests of the Winona Methodist Missionary society members. The societies of the surrounding towns are having a series of these get-together meetings to stimulate interest in their work and to create a better acquaintance.

Herr Wilhelm Cuno, general manager of the Hamburg-American line, has consented to form a new German ministry for President Ebert, to replace the overthrown Wirth cabinet.

**OVER 50,000 IDLE  
BRITISH WORKERS  
STORM LAW'S HOME**

Demonstration Comes After  
Relief In Parliament  
Is Not Promised.

London, Nov. 22.—While heavy detachments of foot and mounted police stood guard over the different government buildings and the premier's official residence, between 50,000 and 100,000 unemployed British workers gathered along the Thames embankment this morning for a hostile demonstration in Downing st.

Extremist leaders among the workers have confidently predicted that "100,000 unemployed men and women would storm their way into Downing st." Conservative labor leaders counseled against the demonstration and persuaded many to remain away.

The decision to make the demonstration came after Premier Andrew Bonar Law, for the second time since taking office, refused to receive a deputation from the ranks of the unemployed who sought promises of relief in parliament.

Accusations are openly made by Tories and the Tory press that the demonstration was "staged by Moscow." They expressed fear of riots. A statement issued from the premier's Downing st. residence, claimed that the extremists leaders among the workers had given orders to the unemployed to "infiltrate by twos and threes into Whitehall." Many of the marchers, it was claimed, would be armed with revolvers and other weapons.

The Daily Express, one of the organs of the Bonar Law government, said that leaders of the unemployed were made dupes of by Communists. Although the "march upon Downing st." was not scheduled to begin until 1:30 this afternoon, little groups of unemployed workers, some carrying small red flags under their coats, began gathering along the embankment during the morning.

**First Woman Sworn  
In As Senator Gets  
No Chance To Speak**

Washington, Nov. 22.—America's first woman senator was sworn in Tuesday.

While senators on the legislative floor and spectators in the galleries applauded in defiance of the rules against demonstrations of any kind in the chamber of the United States senate, Mrs. Rebecca Latimer Felton of Georgia, a trail little woman of 87 years, reminiscent of Whistler's famous painting of his mother, stood before the dais of Vice President Calvin Coolidge and raised her black gloved right hand as the oath of office was read.

It had been Mrs. Felton's intention to make a speech on prohibition, children and other subjects near to her heart but while she was out to lunch the senate adjourned for the day as a mark of respect to two members who died during the congressional recess.

**Organize Mothers'  
And Teachers' Club

**HARDING PLUNGES  
INTO HARD FIGHT  
FOR SHIPPING BILL**

President Takes Personal  
Command To Put Bill  
Through Congress.

OPPOSITION COMES  
FROM GRAIN BELT

Argument That Money Will  
Be Saved Gains Votes,  
Leaders Believe.

Washington, Nov. 22.—President Harding launched full tilt today into the hardest fight that has thus far marked his occupancy of the White House on the leadership of his party—the battle to jam the ship subsidy bill through a congress that is none too willing.

The president has assumed personal command of the fight. Not only will he be consulted at every turn in the difficult road ahead, but he will seek by personal contact to win the wavering ones in both senate and house. The next few weeks will see many conferences at the White House between Mr. Harding and those who are known to be "on the fence" regarding the administration's pet measure.

President Harding and his legislative advisers believe they gained vote for the measure by the cold, dollar and cents argument advanced by the president in his special message Tuesday.

Opposed by Grain Farmers  
Most of the opposition to the ship subsidy comes from the grain belt region where the farmers have been hard hit by the low prices and high taxes. The impression is general throughout the grain belt that the ship subsidy bill will allow big interests to dip into the treasury and it is this impression the president believes he has largely eradicated by stressing the argument that actual saving to the treasury can be effected by enacting the bill.

A new poll of the house, taken by administration lieutenants, indicates, they said today, that the bill will pass the house by a majority of about 50 votes, slim enough in a Republican majority of 160. The majority is not large enough to give the supporters of the measure any feeling of comfort, for absenteeism and disgruntled "lame ducks" can wipe that out in the twinkling of an eye.

Representatives Garner of Texas; Oldfield of Arkansas, and Garrett of Tennessee, Democratic leaders, were busy today lining up the opposition. They asserted the Democrats would oppose it almost to a man.

Representative Dickinson, Republican of Iowa, one of the leaders of the farm bloc, was circulating an amendment to the bill today designed to appeal particularly to the agriculturist. He proposed that producers be given a preferential freight rate to seaboard equal to 25 per cent of the total cost of transportation.

**OHIO LEAD CO. TO  
RE-OPEN ITS MINE**

Directors Reach Decision At  
Meeting In Salem  
Last Night.

Directors of the Ohio Lead company met at the Keller garage, Ellsworth ave., Tuesday night for the purpose of discussing plans to re-open their mines and mill at Camden County, Mo., on Jan. 1, 1923.

Mill and mine operations were discontinued by the Ohio Lead company one year ago when the lead market so declined that operations were not profitable. Certain influential concerns have come forward now with propositions of importance and in view of the fact that the market had regained a satisfactory basis, the directors of the Ohio company agreed Tuesday night that they will resume operations early in the new year.

There are about eight Salem men interested in the Ohio Lead company and they predict that the future operations of the Camden mine and mill will assume greater importance than any ever before recorded in its history.

**This Local Case Is Appeal  
For Red Cross Memberships**

Thanksgiving day will close the 1922 Red Cross roll call in Salem. Make it a 3,000 membership, is the plea of local workers who cite the following case as an appeal for members to help carry on the work:

"Be thankful that our country is at peace and that your home is not in the Near East. Let us see a Red Cross in a window in every home by Thanksgiving day. Give thanks by joining the Red Cross."

"Stop, look in the Lease drug store Red Cross window. See if you think the Red Cross health work pays. This child could not go to school for she could not talk. She was handicapped for life. Her family could not afford the necessary operation to make life worth living for her. It took 16 operations with an expenditure of about \$400 and this did not include a dollar membership."

**Family Of 250 Form Unique  
Corporation.**

One of the strangest family circles in America, where 250 relatives have formed themselves into a corporation, with a board of directors to regulate all the major details of their business lives, has been formed by Ralph Heberman of Everett, Mass. The board's vote is obeyed.

**HARMONY AT NEAR  
EAST CONFERENCE  
BEGINS TO CRACK**

Turkish Delegates Angered  
By Steady Rejection Of  
All Requests.

Lausanne, Nov. 22.—The harmony which marked the first stage of the Near East peace conference had begun to crack under the strain when the delegates assembled again today in secret session.

Ismet Pasha and the other Turkish delegates were plainly angered by the steady rejection of all their requests and they were particularly disheartened over the active interest shown by the United States in Turkish affairs.

There were reports that Tuesday's meeting had been very stormy but the British denied this.

Secrecy was increased today. Correspondents were even barred from the Chateau press salon.

The French, British and Italians—the dominant triumvirate of the conference—have not yet succeeded in reaching a decision among themselves upon coercive measures to be applied to Turkey in the event the Turks become recalcitrant and attempt to wreck the conference.

Ismet Pasha has not yet given up hope of getting a place for the Russians at the round table in spite of the summary way in which his request was rejected yesterday. It was understood he would make another speech on the subject in today's secret session.

Premier Poincare, of France, has been called back on pressing business and his place as head of the French delegation was taken by Emile Barere.

Poincare's departure was followed by an interesting arrival—M. Vorovsky, Russian soviet envoy to Italy. The soviet diplomat said he had come from Rome to engage rooms for the "Russian delegation." This was the first definite intimation that Russians would take part in the parley.

**PICK BERRIES  
AS SNOW FALLS**

Chillicothe, Nov. 22.—While a few snowflakes were falling, A. V. Marcus, a farmer residing at Phylis Lane, west of here, this week picked ten quarts of spring bearing strawberries from a patch that bore ten bushels earlier in the season.

A few days ago he picked a second crop of grapes from his arbors. He has several cherry trees in full bloom.

**Build U. S. Hospital**

Chillicothe, Nov. 22.—Work on the new government hospital at Camp Sherman has started. The advance guard of the George A. Fuller company, New York and St. Louis, arrived here yesterday.

**FRIENDS' RELIEF  
MISSION CHIEF TO  
SPEAK IN SALEM**

Murray S. Kenworthy Will  
Tell Vivid Story Of  
Russian Famine.

TO SPEAK TUESDAY  
IN FRIENDS CHURCH

Will Explain Causes Which  
Threaten a Repetition  
Of Disaster.

Murray S. Kenworthy, former chief of the Friends Relief mission in the Russian famine zone, will speak at the First Friends church, Dry st., at 8 p. m. Tuesday, Nov. 28. The public is invited to hear his vivid story of the Russian famine. Mr. Kenworthy who recently returned from nine months in the famine area, is now touring the country speaking on the Russian famine in behalf of the American Friends Service committee, Philadelphia, which maintains the Quaker Relief mission on Russia.

Mr. Kenworthy went to Russia at the end of September 1921, just at the beginning of the famine crisis. As chief of the Friends Relief mission he traveled widely throughout the famine zone and in other parts of Russia, at one time narrowly escaping death from a serious attack of typhus.

At the Friends church meeting Mr. Kenworthy will give an account of his experience during the height of the famine last winter. He will also speak of the causes which now threaten a repetition of that disaster, and of the needs of the hour to which it gives rise.

What Friends Are Doing

The American Friends Service committee is now responsible for famine relief in a district of east central Russia about the size of Belgium. Last winter, one-fourth of the population of this district died of starvation, despite the fact that relief was administered to hundreds of thousands. Many of the peasants were forced to grind up thatch from their roofs to use as flour. Seventy-two per cent of the horses, 59 per cent of the cows and more than 80 per cent of the sheep of the district either died or were eaten by the famished peasants. This shortage of livestock prevented the peasants from plowing adequately last spring, and was, therefore, one of the causes of the present continuance of the famine. The Friends mission is importing horses to help meet this need.

Of the present population, it is estimated that 45 per cent or about 22,000, will be dependent this winter upon food administered by Friends. As rapidly as funds permit the committee intends to extend its work into other famine districts which up to the present have not been cared for by any relief organization.

DUNN SUES STARK**

Salem Man Asks \$15,000 But  
Company Counters With  
Damage Claim.

The damage case of George W. Dunn of Salem against the Stark Electric Railway Co., was placed on trial Wednesday in court room No. 2 before Judge Nathan McClure. It is an action brought by Dunn following a collision between his auto and a Stark Electric car near Salem two years ago.

Dunn's machine was smashed and he suffered some bodily injuries, including a broken rib. He sued for \$15,000 damages, claiming that the company agents were careless.

On the other hand, the street car company filed a cross petition in which it demands \$1,300 damages done to the street car by the collision claiming that Dunn's car was driven into the side of the street car at the crossing.

To Fight Increase  
In Telephone Rate**

Girl And Her Dog  
Save Five Persons  
Trapped By Flames

Cleveland, Nov. 22.—Genevieve Lyons, 12, and her dog "Blindy" were credited by firemen with saving the lives of five persons trapped by fire early today in two frame buildings on Hamilton ave.

The dog aroused his little mistress by barking and the girl succeeded in giving the alarm. The five persons were carried in their night clothes to safety.

The fire, which started in a grocery store on the first floor of one of the buildings, is believed to have been of incendiary origin.

Public Accountant Appears  
Before Council To  
Offer Services.

MANY CITIES POOL  
THEIR INTERESTS

Council To Consider Plan  
To Take Case Before  
Utilities Body.

Telephone rates in Salem are from 20 to 30 per cent too high.

This was the declaration of H. B. Taylor, representing a Columbus firm of public accountants, when he appeared before Salem city council Tuesday evening to offer the services of his company in aiding the city to fight the recent raise in telephone rates here.

Taylor was treasurer of the Ohio State Telephone company for 18 years prior to its consolidation with the Bell system.

"If the city of Salem has any desire to fight the raise in rates, now is the proper time to get into it as cities throughout the state are joining forces and will be enabled to handle the situation better together than as individual units," said Taylor.

The proposition submitted to council would include a complete appraisal of the Bell plant here, results of which would be used as evidence to show that rates were now too high in Salem, when the claim for these increased rates is argued before the Ohio Public Utilities commission, according to Taylor.

Cities Pooling Interests  
Cities now engaged in preparing for the fight against the increase in rates include Alliance, Canton, Massillon, Elyria, Cleveland, Youngstown, Toledo and Dayton. An organization of mayors and law directors of these towns has been perfected and a meeting is held each month at Columbus where plans for the impending fight are discussed, it was stated.

The cost of a complete appraisal to the city would be \$1 per station or approximately \$1,500, according to Taylor. This is based on a complete inventory of the Bell plant here, investigation of depreciation and preparation of the case for presentation before the utilities commission when the case is argued.

The rates here are much higher in comparison with other cities of the same size as Salem according to Taylor, who has been making a thorough study of telephone rates throughout the state.

The matter was discussed informally by council and was referred to the council as a whole for decision.

**BLAME OPERATORS  
FOR FATAL BLAST**

Jurors Find Management  
Responsible For 77  
Mine Deaths.

Barnsboro, Pa., Nov. 22.—Responsibility for the terrific explosion at Reilly mine at Spangler, Pa., Nov. 6, which took a toll of 77 lives, was placed squarely on the shoulders of the operators of that mine by a coroner's jury early today, after a thorough investigation of the disaster and its cause. The jury verdict was:

"We find that the gas explosion occurred at the Reilly No. 1 mine and that said explosion occurred from the use of open lights after the mine management had knowledge of the accumulation of explosive gas in the mines and by not employing a sufficient number of fire bosses to make the proper inspection and by failing to provide proper means for conducting sufficient ventilation to the working forces in the mines."

"We further find the mine management responsible for the aforesaid explosion."

The jury considered the evidence from 11 o'clock last night until 4 o'clock this morning.

Widows of the explosion victims sat grimly through the entire session of the inquest.

**COUNTY CHURCH  
COUNCIL MEETS**

The opening session of the meeting in the interest of the Council of Churches was held at the Methodist church in Lisbon Wednesday. The meeting is under the direction of a field team composed of Rev. J. C. Smith of Norwalk; Rev. T. N. Butler of Lancaster, and Rev. J. Hazlett of Newark.

The object of the organization is to secure a unity of action among the churches in furthering all efforts to better the moral conditions in the land and to stand united against anything that threatens the overthrow of moral conditions, such as Sunday observance and law enforcement.

**WANTS RECEIVER  
FOR PARTNERSHIP**

Lewis S. Ritchie of Butler township has filed a petition in court asking that a receiver be appointed to close up the affair of a partnership entered into a year ago between himself and Lillie A. Cooper by which Ritchie was to operate a farm of 135 acres belonging to Lillie Cooper, she to furnish half of the stock, machinery, seed, etc.

Ritchie claims that he did his part, but that the defendant neglected to pay her share of the cost of the stock and other articles.

**FIND INCREASE  
IN EMPLOYMENT**

Washington, Nov. 22.—A comprehensive survey by the department of labor of the employment situation in October revealed that of 43 representative manufacturing industries, 29 registered increases and 14 decreases in the number of persons employed as compared with September, according to figures made public today.

The greatest increase reported was 13.7 per cent for the car building and repairing industry.

**U. S. Investigation  
Of Klan Promised  
If State Needs It**

Washington, Nov. 22.—The federal government may decide to investigate the interstate ramifications of the Ku Klux Klan, if state authorities fail in efforts to check depredations by members of the organization, it was learned today.

Gov. John F. Parker, Louisiana, enroute from Washington to Baton Rouge today after failure to secure immediate intervention by the government to stop intra-state activity of the Klan, is said to have gained the assurance of Attorney General Daugherty that the government will check the state officials and they will check the atrocities.

**KEEP AUTOS AWAY  
FROM FIRE ZONE**

Arrests Will Follow Next  
Violation, Safety  
Director Warns.

Automobile owners and drivers are warned in a notice issued Wednesday by Safety Director Wilbur Hildeson regarding the city ordinance which requires that no machine shall be driven within 300 feet of a fire.

The warning comes following repeated complaints of members of the fire department. On one occasion a recent blaze a truck was driven over fire hose which was in use. All future offenders will be arrested under terms of the ordinance which provides a stiff fine or imprisonment, according to Hildeson.

"Automobiles must remain at least 300 feet from a fire," said the director. "Some drivers have paid no attention to the law regarding this and in future we are going to arrest all offenders and let them face the mayor."

**BANK WINS CASE  
FROM WHINNERY**

In the case of The Citizens Banking Co., against Willis Whinnery of near Salem, the jury Tuesday afternoon returned a verdict in favor of the banking company for the full amount, \$1409, with some added interest.

The controversy grew out of the purchase of a tractor, Mr. Whinnery giving notes for the purchase price. The notes were discounted and sold to the bank. Mr. Whinnery claimed that the tractor was defective and would not work as it was expected to do, and for that reason he should not be held for the purchase price.

The bank relied upon the fact that it purchased the notes in good faith and stood in the light as an innocent purchaser, and the jury took this view of the case. It was heard before Judge Nathan H. McClure, sitting in Room No. 2.

**Georges To Return**

New York, Nov. 22.—Georges Clemenceau announced today that he intends to return to the United States soon for the sole purpose of a pleasure tour, embracing as many cities in the country as possible.

### Woman's Help

THE Book club, through a paper read by Mrs. Hayes, one of its members, has given the people something to think about if they ever hope to start a "city beautiful" movement. There has been agitation for many years for some method of keeping waste paper from blowing all over Main st. and it has been mentioned frequently that streets and sidewalks might be kept cleaner. But perhaps the elimination of carnival shows from Main st. has never been thought of in the light of promoting a city beautiful. And yet civic virtue and moral decency, both of which a carnival defies as Mrs. Hayes has said, are contributing factors in making for a city beautiful.

Another suggestion worthy of consideration is the removal of signs that hang at varying heights over the sidewalks in front of business houses. Signs that do not project over the street are just as effective—more so in our opinion—as those that become an eyesore and mar the attractiveness of a modern business district.

The spirit of service which animates the work of the Rotary and Kiwanis clubs, Chamber of Commerce, Boy and Girl Scouts will tend to make this city better in many respects but the desired results will come much sooner and in greater volume and with more lasting effect if other women, as individuals and through their organizations, give thought to the things which will benefit the city as the Book club has done. Women usually go into such things more thoroughly than men, they have vision and, if they only realized it, they possess that dynamic force which is so essential to the promotion of all civic improvements, and which Mrs. Hayes referred to as one of the impelling needs.

Women can do so much for good when they set themselves to the task that The News can contemplate with satisfaction and pleasure the results that would be forthcoming should all women's organizations in the city turn part of their attention to some civic need, as has the Book club.

### Christmas Seals

It is not a penalty to give for some good purpose, and there are always worthy causes crying for relief; but of all the notable causes—and their name is legion—we believe that of the annual sale of the Christmas seals, the proceeds of which go to wipe out the curse of tuberculosis, is as worthy as the best and more worthy than the most.

How the money from the sale of these little penny seals each year, beginning Dec. 1, is being used in the various communities to promote health and happiness for the unfortunate tuberculosis victim and for the protection of those not afflicted by this disease, and the sacrifice of the noble men and women who spend their time in making these millions of sales—all go to make up a story that is bound to arrest the attention of everybody and win the admiration and the praises of a thinking people everywhere. In Ohio this year, plans for the seal sale contemplate disposal of 39,960,000 of them. And Salem is going to be found in the front rank as she has in the past. Salem is proud of her work in this respect, and Salem is going to be prouder this year than ever before. Everybody is going to buy, it means so much to the tuberculosis sufferers of today—but it means more to posterity.

### 20 YEARS AGO

(Issue of Nov. 22, 1913.)

Yesterday was the 15th birthday anniversary of Aaron H. Wilson. He has lived here for 67 years. Mr. Wilson says that when he first came to Salem there was nothing in the town itself beyond the boundaries of what are now Ellsworth, Garfield and Green sts and the first alley south of Main st. All beyond these boundaries were extensive farm lands.

James A. Duncan, Edgewood, Wash., and Ada H. Kenneigh, formerly of Green township, were married Nov. 12 at the home of the bride's parents in Edgewood. They will reside in Auburn, Wash.

The case of smallpox reported from

Washingtonville proved false, and it is said the patient is suffering from stomach trouble.

United Mine workers of the Fourth sub-district which includes the mines in this vicinity, have nominated district officers preparatory to the annual election, which will be held at Leetonia the first Tuesday in December. Percy J. Low, Washingtonville, president of the district, is sure of reelection.

Ed. Householder, formerly proprietor of the bowling alley in this city, left here this morning for Springfield. Later Mr. Householder will go to his old home at Mexico, Mo., to visit relatives. After the holidays he will make a trip to the Pacific coast and spend the winter in California.

William H. Burford died Thursday evening at his home in Cleveland after an illness of several months. He was an uncle of Mrs. Paul Barchhoff, this city.

Virginia Mercer will not travel this winter but has opened a studio and will devote her entire time to art. Mrs. Frank, Smoce, Ontario, Canada, who has been visiting at the home of Dr. F. E. Beemer, returned home Friday.

Since American occupation of the Rhine, the consumption of chocolate and cigars has become a habit with the Germans.

## OHIO CITIES USE 60 CENTS OF EACH DOLLAR FOR DEBTS

Columbus, Nov. 22.—Final reports for bonded indebtedness received today by Auditor of State Joseph T. Tracy from two counties completes the total figures for the state, up to June 30, 1922. The total indebtedness shown by this report for the various counties, cities, villages, townships and school districts is \$679,887,137 as compared with \$607,899,059 for 1921, \$540,266,465 for 1920, \$458,487,442 for 1919 and \$434,047,798 for 1918.

The reports show a decrease in the total indebtedness of the various political subdivisions in 14 counties as follows: Champaign, Clermont, Fairfield, Gallia, Greene, Harrison, Hocking, Meigs, Preble, Richland, Union, Van Wert, Warren and Washington. All other counties show an increase.

At the February and August settlements, 1922, the total taxes collected for county, city, village, township and school districts was \$203,761,442.91.

Assuming that the average rate of interest paid by such political subdivisions is 5 per cent a total of approximately \$34,000,000 or 17 per cent of the taxes collected must be used to pay the interest on outstanding debts.

In addition to the interest paid approximately \$49,869,000, was paid on the principal necessitating a further outlay of 23 per cent of the taxes received or a total of 40 per cent for debt purposes leaving 60 cents of each dollar received from taxes for operating expenses.

## WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills, Salem people recommend Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit? Mrs. John Bare, 135 West Dry st., Salem, gave the following statement May 21, 1917: "I was bothered with my kidneys for years. I thought I was going to die at times. I was in such awful pain. Sharp pains, like a knife sticking me in the back would knock me out entirely, especially if I stooped to pick up anything. My kidneys didn't act right and I felt so miserable, I could hardly get along. My head bothered me a great deal and I was so dizzy I often fell flat. I tried different remedies with no relief until I got Doan's Kidney Pills at Flogging's Drug Store. The first box relieved me and ten boxes cured me. I have enjoyed the best of health for three years."

On June 6, 1921, Mrs. Bare said: "Despite my years, I am able to do a good day's work and feel healthy. I gladly confirm by former statement." 60c at all dealers. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

## ETHEL CLAYTON

in her most spectacular production is at the Royal theater. It is founded upon the novel "The Three Cornered Kingdom" by Du Vernet Rabell.

If I Were Queen shows a new Ethel Clayton. Beautiful and talented as ever, Miss Clayton is at her artistic best in romance of this character. Her picture has atmosphere; it has body, it has all the color and picturesqueness of the mythical kingdoms of the Balkans where it is laid.

If you remember the charm of "Beverly of Graustark" you have some idea of the appeal of Miss Clayton's latest production—her first, by the way, for the Film Booking Offices of America. It is the story of the adventures of an American girl in the imaginary principalities of Central Europe, amid the regal pomp and splendor of high courts and castles. It is romance from beginning to end, romance of the most charming character and it is in this phase of her art that Miss Clayton proves herself a star of the purest ray serene.

"If I Were Queen" is built on impressive lines. It has big scenes and situations galore. Perhaps the most thrilling is a railroad wreck that caps the climax of realism on the screen. Moreover, the cast is of the utmost distinction. Besides Miss Clayton there are Andree Lejon, Warner Baxter, Victory Bateman, Murdock MacQuarrie and Genevieve Blinn. Wesley Ruggles directed it and his skill is frequently reflected in the development of the big scenes. 275c

## Grades Make Showing In Cow Test Results

A grade Jersey led all 11,560 cows under test in Ohio cow testing associations in September, and a grade Holstein led in October. For two grades to lead in succession is most unusual, says Ivan McKelip, dairy extension specialist, announcing these returns from the Ohio State university. Usually registered stock leads the list.

But in September it was plain "Lucy" grade Jersey, owned by P. E. Rawn of Brice, Ohio, that came out at the top, with a record of 77.4 pounds of butterfat for the 30 days. Bessie, another grade in the same Jersey herd was third with 68.4 pounds. Fay Clymer's "Aldair Raleigh Jane," a pure bred Jersey of Benton Ridge, was second with 70.5 pounds.

As for the October champion, it was a Holstein grade without as much as a name, appearing in the record as "Number One" of the herd of C. P. Howard, Chagrin Falls. "Number One" made 79.5 pounds of fat in the month, and also led the state in milk flow, giving 1938 pounds of milk. Second was "Number 42," a Holstein owned by the Franklin County Home, Columbus, with 76.8 pounds of butterfat. Third was "Number 53" of the same herd with 62.9 pounds of butterfat. And "Number 53," the record shows, is neither a Holstein nor a Jersey, but a cross between the two. It is almost unprecedented for a cow of mixed breeding to appear on the state production roll, issued monthly in resume of cowtest association records.

D. A. Walter's "Midget," grade Holstein of Burton, gave 1695 pounds of milk in September and led in this respect for the month. With a record of 1767 pounds of milk, "Number 15" of the herd of Earl Miller, Akron, was second in milk flow for October.

## WEST STILL FEELS KU KLUX PRESTIGE

Kansas City, Mo., Nov. 22.—In Missouri, the "show-me" section of America, the offices of the Ku Klux Klan are sought after despite the thunderbolts of denunciation that have been hurled against the hooded hosts of the "invisible empire."

Out here in the Middle West there are still those who believe in the efficacy of the white clad legions, Governor Henry J. Allen, of Kansas, who has ordered them driven out of the Jayhawk state and others to the contrary notwithstanding.

That the Klan is still enshrined in hearts of some Missourians or that having tried everything else they are willing to accept its offices as a last resort is amply evidenced by scanning the "personals" in the want ad columns of a Kansas City newspaper.

Regularly every Sunday morning there appears in this column anywhere from one to four appeals by alleged widows with small children, mistreated wives and others, for aid from the hooded hosts.

Here is a fair example: "KU KLUX KLAN—Please help a woman who is in serious trouble. Address—999—"

Another read: "Is there a Ku Klux Klan in Kansas City which will help a widow with four small children to obtain justice? Address—888—"

Several other ads of similar import appear from time to time. To date, so far as is known, the Ku Klux Klan has made no response. Apparently, however, this lack of attention has not discouraged the advertisers. The ads continue to appear with weekly regularity.

## Christmas Seal Money Goes For A Definite Work

Columbus, Nov. 22.—"Every penny that is given in exchange for Christmas Seals in Ohio will be put to work on a definite program for carrying on the crusade against the white plague and promoting good health," says a statement issued today by E. A. Reed, chairman of the Ohio Christmas Seal committee.

Chairman Reed issued the following appeal to the public to support the seal sale which begins Thanksgiving day and lasts until Christmas. "The re-appearance of the Christ-

mas Seals for the 15th season is a reminder of the wonderful progress which has been made in our state and in the nation in decreasing the ravages of tuberculosis and also of the problem which still confronts us.

It is estimated that if tuberculosis were eliminated as a cause of death, two and one-half years would be added to the life of each individual in the country. Capitalizing each individual life in a population of 100,000, a vital loss of \$100 per year, the net saving would be at least 25 billion dollars. The economic loss due to tuberculosis is one that should appeal to a business nation.

"There is no work in which we are engaged that is so useful as that of protecting the health of our boys and girls. Funds raised through the annual sale of Christmas Seals are being used for preventive work among

children. It is a noble and a necessary measure of self protection in which every one can have a part and from which every individual derives some benefit."

Youngstown — The East Side Improvement club staged a celebration at the opening of the Oak st bridge here Tuesday night. Plans are now under way to secure a new high school for this section of the city.

Youngstown — Thieves broke the show window of a jewelry store here with a brick and escaped with a dozen rings, five watches and several bracelets.

### Daily Suggestions For Games.

NOTE: The News, realizing the importance of directing play activities and especially the mental and physical value of education through play, not only for young people, but adults as well, will publish, in these columns daily a number of games, furnished by the Social Recreation Department of National Community Service. It is suggested that readers clip these articles, and keep for future reference.

#### GAMES

##### FAMILY HIDE AND GO SEEK

A limited area must be defined. The one who is hiding cannot go outside the area. Only one of a group goes out to hide. After giving him some three or four minutes in which to hide, the rest of the group go after him. They must go out singly, not even two people being allowed to hunt together. The reason for this is soon apparent. As soon as a hunter finds the one who is hiding, in instead of setting up an alarm, he hides with him.

The next one does the same, and so on, until they have all found the one who is hiding. The last one to find him is given the title "Booby." The one who first found the hider is the one who will go out to hide the next time.

### SOCIETY

#### Travelers Club.

Talks by Rev. H. L. Miller and Dr. T. T. Church featured an interesting meeting of the Travelers club Tuesday afternoon at the Elks home. Rev. Mr. Miller spoke in behalf of the Cross and Dr. Church made a plea for the Christmas seals, which sales benefit tuberculosis work. The program was on "Ohio" and was in charge of Mrs. W. H. Matthews.

Mrs. Floyd McKee read a paper on "Higher Education" in which it was stated that Ohio boasts of more colleges than any other state in the union. She gave a brief history of the start of many of the colleges and of the work they do. Mrs. Alex Chaffin's paper was on "Resources of Ohio." She touched on the mineral products of the state and on its agriculture and shipping ports.

"The Mound Builders" was the subject of a very interesting address by W. H. Matthews. He told of the work of the mound builders and stated there was no history of the people who built these mounds. There are more mounds in the state of Ohio than any other state in the union, according to Mr. Matthews. Miss Altha Wagner gave two piano solos.

#### Westminster Guild

Mrs. H. A. Kilbourne gave a review of the first chapter of the new study book "Lighted to Lighten" at a meeting of the Westminster guild of the First Presbyterian church Tuesday evening at the home of Mrs. J. B. Lehner, Euclid st.

A week of missions will be observed by this church in February and the guild decided to give a play relating to missions some time during that week.

Last week the guild sent a Christmas box to a kindergarten school in Porto Rica. There were 22 dolls in it. A social period and refreshments were enjoyed.

The third Tuesday in December the members will meet at the church and there will be a potluck supper in connection with the meeting.

#### Passes 90th Milestone

Tuesday marked the 90th birthday anniversary of Mrs. Ella Diver, who makes her home with her sister on Ellsworth ave.

Her sons, G. S. Atkinson and wife, Beloit, and L. W. Atkinson, Damascus, the latter's wife being detained at home on account of the illness of her mother, spent the day with her.

A fine rabbit dinner was served and the honor guest was the recipient of many gifts and flowers. The afternoon was spent in reminiscences of bygone days.

#### Asbury Class

Guests from Cleveland and the members of the Asbury class of the Methodist church comprised the guest list at the Fred Gibbons home, Green and Lundy sts., Tuesday night when Miss Mary Koll acted as hostess.

The evening was passed in an agreeable manner making supplies for the Worthington Children's Home at Columbus. Visiting and luncheon added pleasure.

#### Honor Bride-Elect

Miss Helen Patsch received members of the Cara Nome club at her residence, East High st., Tuesday night and at this time honored Miss Clara Patsch, bride-elect of William O'Killy, Alliance, by presenting her a silver tea service.

Thanksgiving appointments added charm to the affair with yellow as the favored tone in the decorations. Luncheon was a pleasing feature.

#### Observe Guest Night

Guest Night was observed by the Tuesday Evening Dance club Tuesday evening and 65 couples enjoyed the club's dance at the Elks home. The Peerless Pep orchestra played. There were guests from Alliance, Sebring, Leontonia and Columbiana. The club will give a dance in two weeks.

#### Mrs. McNutt Hostess

Mrs. J. S. McNutt was hostess at a luncheon Tuesday at her home, Lincoln ave., at which her club associates were guests. Later bridge was introduced.

In two weeks the members will be guests of Mrs. A. W. Stoner, Tenth st.

#### Jolly Girls Assemble

Twenty-two members of the Emanuel Lutheran Jolly Girls assembled at the parish house Monday night for

a social and business meeting. Three new members were welcomed at this time. Elizabeth Jacobson and Mary Hann were associate hostesses. A Christmas box will be a feature of the next meeting.

#### Surprise Mrs. Davis

A company of their friends from Salem composed of Mr. and Mrs. Robert Vickers, Mr. and Mrs. Earl Allen, Mr. and Mrs. Ralph Snyder, Miss Emmalyn Hanson, James Hayden and Mr. and Mrs. William Patterson motored to East Palestine Tuesday evening and carried out a complete surprise for Mr. and Mrs. A. G. Davis. An oyster supper was enjoyed and games and singing entertained.

#### Dinner For Bride And Groom

Honoring the recent marriage of Mr. and Mrs. Thirl Eckstein, a dinner was given at the home of Mr. and Mrs. Frank Eckstein, McKinley ave., Tuesday night. Those interested in the affair were the immediate families of the bride couple. Mrs. Eckstein was before her marriage Miss Eleanor McKinley, daughter of Mr. and Mrs. C. A. McKinley, this city.

#### Miss Schmid Hostess

Miss Clara Schmid was hostess Tuesday night to members of the Lutheran league of the Holy Trinity Lutheran church, at her home on West Fifth st. The evening was devoted to a business and social session with a luncheon as a feature. The guests numbered 15.

#### Guests of Miss Bell

Fourteen guests were interested in a party at the home of Miss Lucile Bell, Seventh st., Tuesday night, one of the number coming from Pittsburg. Music, dancing and games provided amusement and luncheon concluded the evening's entertainment.

#### Bayard Couple Wed

Edward Walker and Miss Ada Leah Thompson, both of Bayard, secured a marriage license from Judge Riddle and were married in Lisbon by the Rev. D. E. Scott, pastor of the Methodist Episcopal church.

#### Dinner Not For Public

The cafeteria dinner at noon Thursday at the M. E. church in connection with the Bethlehem class meeting is not for the public but for the husbands and friends of the members.

#### Baptist Missionary Society

The Missionary society of the Baptist church will meet at 2:30 p. m. Thursday at the church. This will be a Thanksgiving service. Any one interested will be welcome.

Mrs. John Shivers, Madison township, and son and wife, Mr. and Mrs. Roy Shivers, were guests at supper Tuesday evening at the home of Mr. and Mrs. Wesley Herbert, Newgarden st. Later they left for Lindsay, Calif., to be gone a year or more. They will visit Mr. and Mrs. Harvey Birchill.

The friends of Mrs. L. B. Niles and son, of Chicago, who visited in Salem while on a motor trip, will be interested to know of their safe arrival Sunday at their home. They returned via Columbus and Indianapolis.

Three ballots were taken. The first stood 10 to 2 for acquittal; the second 11 to 1 for acquittal, the law ballot stood 12 for acquittal, the law in this case requiring a unanimous vote.

### Pretty Sewing Basket

Work baskets of figured cretonne or silk may be made, in several sizes, of two circular pieces of the material. For the foundation of the basket a light, square cardboard box is used, split at the corners, so that it can be flattened out. A pocket, gathered on one edge, over an elastic band, and an oblong pin cushion, are sewed to one of the circular pieces. The two pieces are then pasted together with the flattened box between them. Eyelet holes in the spaces between the sides of the cardboard foundation carry a small cord that holds the basket in shape as shown in the picture.

# UHRICHSVILLE HI! TO CLOSE SALEM'S SEASON SATURDAY

Visitors Boast Of Great Season With Only One Defeat.

With but one game remaining on the 1922 schedule of the Salem High football team, Coach Vivian has his men hard at work in preparation for this encounter which will likely be one of the hardest of the entire season.

Uhrichsville will be the final team on the schedule and their advance record predicts a stiff battle for the red and black warriors at Reilly field Saturday.

But one defeat has been chalked up against that being administered by New Philadelphia, 9 to 6; Uhrichsville 72, Flushing 0; Uhrichsville 26, Toronto 0; Uhrichsville 7, Martins Ferry 7; Uhrichsville 52, Coshocton 0; Uhrichsville 6, New Philadelphia 9; Uhrichsville 20, Dover 0.

Vigorous protestations were made by Uhrichsville officials as to Salem using Scullion and Harman as arbiters here Saturday. Rather than cancel the contest at the last moment Principal C. M. Rohrabach secured the services of neutral officials in the persons of Pat Brannan, former University of Nebraska quarter, now on the staff of the Youngstown Y. M. C. A., and Ivan Green, head coach at Warren High school. Brannan will referee, Green will umpire and Kelly will be head linesman.

With the possible exception of Crutcher, who injured his ankle last Saturday, every regular will be in shape for the contest. It is expected that Sartick will be in condition for the fray.

Get at the Real Cause—Take  
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested food? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

## Hurry! Big Dental Offer at Dr. Stanton's Office

Here is a dental offer that is the most unique ever held in Salem. It is entirely up to every man, woman and child to make it a success. I have cut my price far below what "Stanton" dental work is worth, but if I can do the enormous business these prices warrant I will be well satisfied. So hurry, folks, if your teeth trouble you; don't wait—hurry to Dr. Stanton's office and have your work done.

Why don't you use these teeth?

Plates  
\$9.85

Bridgework  
\$3.95

Hurry to Dr. Stanton and grasp this wonderful plate offer. Every plate is made right in my own laboratory and only genuine "Stanton" quality is used in making them. Then, too, every plate is guaranteed to fit perfectly.

Stanton bridge work is made to replace one or more missing teeth. It is foolish for anyone to go about showing ugly decayed teeth when for a very small amount they can have the teeth replaced with guaranteed bridge work.

## Baby Born Without Arms Or Legs Saved By Mother Love

Chicago, Nov. 22.—Baby Lebrasca, born without arms or legs, will not be scientifically killed.

Mother love decrees that she shall live.

"This is my cross to bear," the baby's 19-year-old mother, Mrs. James C. Lebrasca said today when told for the first time that her baby was physically deficient.

Scientists, surgeons and sociologists had been discussing in the public press in matter of fact, analytical phrases the question: Would not the baby be better off dead? Would it not be more humane to scientifically dispose of the child? Had not Dr. Harry J. Haiselden refused seven years ago to perform an operation in the famous Baby Bollinger case that would have saved that baby's life because he knew the baby would become a hopeless imbecile?

## No "Dry" Fight On Industrial Alcohol He Says

Washington, Nov. 22.—The industrial alcohol trade, with its opportunities multiplying through new chemical and scientific discoveries, is destined to become one of the greatest of American industries, according to Wayne B. Wheeler, general counsel of the Anti-Saloon League.

"More alcohol for industry and less in the individual spells safety, prosperity and law enforcement"—that's the way Mr. Wheeler looks at it.

**Encourage Industry.**  
"The attitude of the friends of the Eighteenth Amendment is not antagonistic, but friendly to the largest development of this great industry," he declared. "The national prohibition specifically recognizes and encourages the industrial alcohol trade. National prohibition is aimed at the beverage traffic. Legitimate industrial alcohol trade does not cater to the beverage traffic. The success of this industry depends upon its being confined to the scope of its legitimate purpose."

Some prohibitionists, according to Wheeler, need to know more about the value of the industry, while "some representatives of the trade need to consider more carefully conditions which are essential to an honest enforcement of the Volstead act."

**Affects Three Classes**  
"Prohibition affects three classes of industrial alcohol dealers," he said. "The first class handles denatured alcohol and should have the largest freedom possible in the manufacture and sale of their product. The second class handles special denatured alcohols. None of these are intended for beverage use, and some are capable of beverage use, and strong regulations are necessary to prevent illegal diversion. The third class represents those who are willing to violate the law, use fake permits, produce fake medicines and divert the liquor from its legitimate course. Against such there must be an unceasing warfare both by the trade and by public officials."

"The future of the industry lies in the hands of the men who are investing their money and brain power in it. If they will co-operate in keeping their products within the law there is no industry that has a brighter future."

## No more Rheumatism

*Suffering has gone from your face, mother!*

**S. S. S. is the Great Builder of Red Blood-Cells and Rheumatism Must Go! Just Try It!**

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glow again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size is the more economical.
